

Top-Performing CEOs 2011

about the judging

The Business Weekly solicited nominations from the public of outstanding CEOs for our Top-Performing CEOs publication.

Nominations were sought in five categories: small company (1-25 employees), medium company (26-150 employees), large company (more than 150 employees), in-

stitutional (for entities such as government agencies or educational institutions) and nonprofit. A panel of five Top-Performing CEOs alumni selected the honorees.

Nominees were scored on vision, leadership and community involvement. Judges rescued themselves from voting on nominees with whom they had close ties.

Top-Performing CEOs judges

Sharon Dillard is president and CEO of Get A Grip Inc. Resurfacing, an Albuquerque-based national franchise company. She's passionate about customer service and dedicated to bringing fresh, innovative ideas to the resurfacing industry. She was a 2010 Top-Performing CEOs honoree.
